SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the Hazardous Products Regulations

Reproductive toxicity	:	Category 1A
Specific target organ toxicity - repeated exposure (Oral)	:	Category 1 (Kidney, inner ear)
GHS label elements		
Hazard pictograms	:	
Signal Word	:	Danger
Hazard Statements	:	H360Df May damage the unborn child. Suspected of damaging fertility. H372 Causes damage to organs (Kidney, inner ear) through prolonged or repeated exposure if swallowed.
Precautionary Statements	:	 Prevention: P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P260 Do not breathe mist or vapors. P264 Wash skin thoroughly after handling. P270 Do not eat, drink or smoke when using this product. P280 Wear protective gloves, protective clothing, eye protection and face protection.

VersionRevision Date:SDS Number:Date of last issue: 09/30/20235.804/06/2024772740-00019Date of first issue: 06/23/2016

Response:

P308 + P313 IF exposed or concerned: Get medical attention.

Storage:

P405 Store locked up.

Disposal:

P501 Dispose of contents and container to an approved waste disposal plant.

Other hazards

None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture	:	Mixture
---------------------	---	---------

Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Gentamicin	No data availa- ble	1403-66-3	>= 1 - < 5 *
Posaconazole	No data availa- ble	171228-49-2	>= 0.1 - < 1 *
Mometasone	No data availa- ble	83919-23-7	>= 0.1 - < 1 *
3-Mercaptopropane- 1,2-diol	Thioglycerol	96-27-5	>= 0.1 - < 1 *

^{*} Actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty of water.
		Remove contaminated clothing and shoes. Get medical attention.
		Wash clothing before reuse.
		Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution.
		Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention.
Most important symptoms		Rinse mouth thoroughly with water. May damage the unborn child. Suspected of damaging
wost important symptoms	•	may damage the unsome mild. Suspected of damaging

Version 5.8	Revision Date: 04/06/2024	-	DS Number: 2740-00019	Date of last issue: 09/30/2023 Date of first issue: 06/23/2016			
and effects, both acute and delayed			fertility. Causes damage to organs through prolonged or repeated exposure if swallowed.				
Prote	ection of first-aiders	:	First Aid respo and use the re	nders should pay attention to self-protection, commended personal protective equipment ntial for exposure exists (see section 8).			
Note	s to physician	:		natically and supportively.			
SECTION	5. FIRE-FIGHTING ME	ASI	JRES				
Suita	ble extinguishing media	:	Water spray Alcohol-resista Carbon dioxide Dry chemical				
Unsu medi	iitable extinguishing a	:	None known.				
	ific hazards during fire	:	Exposure to co	ombustion products may be a hazard to health.			
	ardous combustion prod-	:	Carbon oxides				
Spec ods	ific extinguishing meth-	:	: Use extinguishing measures that are appropriate to local of cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to so.				
	ial protective equipment e-fighters	:		fire, wear self-contained breathing apparatus. protective equipment.			
SECTION	6. ACCIDENTAL RELE	AS	E MEASURES				
tive e	onal precautions, protec- equipment and emer- y procedures	:	Follow safe ha	protective equipment. ndling advice (see section 7) and personal pment recommendations (see section 8).			
Envir	ronmental precautions	:	 Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained. 				
	ods and materials for ainment and cleaning up	:	For large spills	nert absorbent material. , provide diking or other appropriate keep material from spreading. If diked material

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods		
Waste from residues	:	Do not dispose of waste into sewer. Dispose of in accordance with local regulations.
Contaminated packaging	:	Empty containers should be taken to an approved waste handling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.

according to the Hazardous Products Regulations

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

The ingredients of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

SECTION 16. OTHER INFORMATION

comp	ces of key data used to ile the Material Safety Sheet	:		data, data from raw material SDSs, OECD arch results and European Chemicals Agen- ropa.eu/
Revision Date Date format		:	04/06/2024 mm/dd/yyyy	

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
